We've Got The Blinkies

(MIGHT SOUND LIKE BEATLES' LADY MADONNA)

**We have got the blinkies, problems with our eyes,
Wonder how we manage to im pro vise?
we must find the money when the pension's spent?
Botulinum toxin isn't hea-ven sent?**

**Treatment day we need to take an escort
Keeps on coming and is never done.
Xeomin or Botox even Dysport,
They're not much fun !**

**We have got the blinkies, who'd have ever guessed,
We live normal lives and treat it as a pest.**

**BEB BEB BEB BEB BEB BEB BEB BEB BEB BEB
BEB BEB BEB BEB BEB BEB BEB BEB BEB BEB**

BEB BEB BEB BEB BEB BEB BEB BEB BEB BEB

It's not much fun !

**We have got the blinkies, problem with our eyes,
Wonder how we manage to im pro vise?**

**Treatment cycle time is never ending,
Permanent relief just doesn't come.
ophthalmologists we keep attending.**

Still not much fun!

**We have got the blinkies, who'd have ever guessed,
We'd live normal lives and treat it as a pest.**

The Geriatric Blinkie Blues

(TRADITIONAL TWELVE BAR BLUES)

Woke up this morning That's what they say
If you can open your eyes that's a very good day
Don't get the Blinking Blues do what you choose
Each day's a bonus you've got nothing to lose

One big advantage of memory delay
you get the chance to make new friends every day
Don't get the BEB Blues do what you choose
Each day's a bonus you've got nothing to lose

When it's your birthday and you still have the legs
at least you get to hide your own Easter eggs
That's the geriatric Blues do what you choose
Each day's a bonus you've got nothing to lose

The cards say your old, they say it will glee
Give a thought for Lesley Reynolds she's even older than me
There is no Mandurah blues
she has paid her dues
Each day's a bonus she's got nothing to lose

BE B's not the end - take it from me
Botulinum toxin makes it easy to see
Don't get the blinking blues
Your sense of humour don't lose
There's life to be lived - It's for you to choose

We're not getting old We're not in decline
open another bottle Pour a large glass of wine

Don't get the Blinking Blues
Don't get the Blinking Blues
Do what you damn well choose
you've got nothing to lose

Needles in My Eyes

(SOUNDS A BIT LIKE STRANGERS IN THE NIGHT)

Needles in my eyes my sight enhances
Blinking in the night what are the chances
we'd have BEB before our life was through

Something in my eyes there's too much blinking
Something in my smile my heart is sinking
It's that time again my BOTOX days are due

The specialist comes near he's in no hurry
I just wish he'd eaten mints not fish head curry
he says "this'll do the trick" "now just a little prick" -
His ministrations made me blink
but that's a bit too harsh you think!

Needles in my eyes it's no use fighting
Something in his smile is so inviting
Something near my heart my credit cards are through

Needles in my eyes, it's going to hurt me
We were strangers just last night would fate desert me
when we said our first hello, little did I know
relief was just a snick away
a botulinum prick away then

ever since that night we've been together
patient in a plight Botox forever
It might fix my sight just needles in my eyes.

Do be do be do do do do dee da
B E B E B we know what that means
it will be alright just needles in my eyes

My Dear GP

(MAY SOUND LIKE DANNY BOY)

Oh dear GP, the wipes, the wipes I'm using
You said "dry eye" the blinking would subside
The grit has gone but eyelids still are falling
trust you, trust you my blinking I must hide

But they come back my spirits they do sink so low
Or when the sun has set and just a glow
They will be here my self esteem will take a blow
Oh dear GP oh dear GP I trust you so

But if he knows it's not my eye that's drying
Although I dread, the treatment then I'll see
He will prescribe the one who wields the needles
His work is done and he'll have earned his fee

And I shall peel, the cloud that hangs above me
And I'll be brave my future, sweeter be
Re ferr al send and tell me that it's B E B

And I shall rest in peace knowing you've set me free
And I shall rest in peace knowing you've set me free

Let It B.E.B

(MAY SOUND SURPRISINGLY LIKE LET IT BE)

When I find myself in times of trouble, Jeremy Raiter comes to me
Speaking words of wisdom, let it be
And in my hour of darkness, He is standing right in front of me
Speaking words of wisdom, Let it be

Let it be, BEB, let it be, BEB
Whisper words of wisdom, let it be

And when the broken hearted people, Living in the world agree
There will be an answer, let it be
But though they may be parted, There is still a chance that they may see
There will be an answer, let it be BEB

Let it be, BEB, let it be, BEB
There will be an answer, let it be
Let it be, BEB, let it be, BEB
Whisper words of wisdom, let it be

Let it be, let it be, let it be, BEB
Whisper words of wisdom, let it be

And when the eyes are cloudy,
There is still a light that shines on me
Shine on till tomorrow, let it be
I wake up to the sound of music, Jeremy Raiter comes to me
Speaking words of wisdom, let it be BEB

Let it be, let it be, let it be, BEB
Whisper words of wisdom, let it be BEB

Putting on the Style

(MAY SOUND LIKE THE LONNIE DONEGAN CLASSIC OF THE SAME NAME)

We're putting on the agony, putting on the style,
that's what all we blinkies should be doing all the while.
And as I look around me I sometimes have to smile.
In spite of little challenges we're putting on the style.

I struggled with my blinking was told "it's just dry eye"
my optician reassured me with drops I might get by
"don't feel alone" he told me there's lots of people has'm
what he failed to diagnose was Benign Essential Blepharospasm

Lesley, Lyn and Eunice Nola Pense as well
we do strategic planning our message for to sell
It keeps us very busy and hopefully worthwhile
for blepharospasm suffer ers we're putting on the style

We're putting on the agony, putting on the style,
that's what all we blinkies should be doing all the while.
And as I look around me I sometimes have to smile.
In spite of little challenges we're putting on the style.

Jason Appleby is here today I said I'd write a ditty
SpecSavers are our allies they live in Garden City
where else would you get glasses just take this as a hint
they'll make them in prescription and in FL41 tint

Our mission's very simple although we're just a few
we getting on with all our lives and helping others too
it takes a bit of effort but none of us regret it
We're Blepharospasm Australia LET NOBODY FORGET IT!

We're putting on the agony, putting on the style,
that's what all we blinkies should be doing all the while.
And as I look around me I sometimes have to smile.
In spite of little challenges we're putting on the style.

We're ..We're. We're We're all together now.....
putting on the agony putting on the style,
that's why we are here today to make it all worthwhile.
And as I look around me I always have to smile.
seeing all us blinkies put ting on the style. yeah !!!!
